

# Where you go matters

## Use programs like Site of Service and save money on lower-cost independent care providers

You wouldn't pay more for a direct flight from Manchester to Orlando when you could get the same quality flight for less at another airline, right? Then why would you pay more for your health care when you don't have to? That's where Anthem's cost-saving programs can help. You can save hundreds of dollars, and sometimes even thousands, when you go to lower-cost independent providers listed in [anthem.com](https://www.anthem.com)'s Find a Doctor tool.

## Pay less for all of these services when you use independent providers

### Lab tests

Pay \$0

### Physical, occupation and speech therapy

Pay the same cost as an office visit

### Radiology (such as, X-rays and ultrasounds)

Pay no more than a \$150 copay

### Advanced diagnostic imaging (such as, MRIs and CAT scans)

Pay no more than a \$250 copay<sup>1</sup>

### Outpatient surgery

Pay a copay between \$100 and \$250<sup>2</sup>

For all the information you'll need on where to go, and how you can save thousands on these health services, please visit [anthem.com/siteofservicenh](https://www.anthem.com/siteofservicenh).

<sup>1</sup> Check your Certificate of Coverage as cost shares and plan designs may vary.

<sup>2</sup> If you need more care as part of the surgery or procedure, you may have to pay coinsurance and/or a deductible (the amount you pay before the plan pays). For example, you may pay more for pathology or lab work if it isn't sent to one of the labs found on Anthem's Find a Doctor tool. Make sure your doctor at the ambulatory surgery center knows you have Anthem's Site of Service program.

# Find a location near you in just minutes!

## Lab tests

- Go to [anthem.com](https://www.anthem.com).
- Select **Find a Doctor**.
- Choose your state and your plan or network.
